📍 Wichita, KS

Profile

Creative and detail-oriented Web Developer with a proven track record of designing and implementing responsive and user-friendly websites. Leveraging over two years of hands-on experience in HTML, CSS, PHP, and JavaScript, I have a passion for translating complex design concepts into clean and efficient code. Adept at collaborating with cross-functional teams and clients to deliver high-quality, visually appealing websites.

Professional Experience

06/2021 – present Wichita, KS	Web Developer, <i>Lifeboat Creative</i> Develop efficient, responsive websites utilizing a multitude of different frameworks and content management systems. Worked closely with designers and marketers to create engaging, pixel-perfect webpages while adjusting to client feedback.
10/2018 – 06/2020 San Diego, CA	Automated Production Control Operator, <i>NBC Universal</i> Directed live newscasts using Ross Overdrive automation control, utilizing coded templates to present a clean, sophisticated broadcast. Responsible for overall quality of production during assigned broadcasts, including graphics, and audio, and the usage of robotic cameras.
07/2014 – 10/2018 Lincoln, NE	Technical Media Producer, <i>10/11 Now</i> Responsible for all audio, video, cg, and camera elements during broadcasts. Broadcasts were prepared with automated software that required the editing of coded templates to ensure a clean run-through of the show while avoiding any graphic, microphone, or camera-related conflicts.

Education

04/2020 – 11/2020	Nucamp Coding Bootcamp Received full-stack certification.
08/2009 – 05/2014	Bachelor of Journalism - Broadcast Production, <i>University of Nebraska</i>
